

INVITATION TO BE A PART OF THE PASSIONATE COLLECTIONS GALLERY !

After a very successful debut of the Passionate Collections Exhibition last year, we are now looking forward to having our next Exhibiton on a larger scale. The talents of the Senior Citizens got recognition from a large number of Mumbaikars who not only appreciated but also admired their lifetime collection. The satisfaction at the end of the 3 day exhibiton was immense not only for the Seniors at the stalls but also for Dignity Foundation.

A similar exhibition is to be held in end September this year too. It is our pleasure to invite Senior Citizens to participate and display their valued collections and make the exhibition a significant landmark in the social scape of the city. The Collection has to be unique and you should have been collecting it for years. It could be toys, books, utensils, bags, purses, ball pens, cigarette packets, lighters, matchbox labels, match boxes, watches, clocks, old fashioned clothes, greeting cards, old wedding cards, L P records, radios, crockery, autographs. The main criteria is, it has to be a collection which you have been collecting as a hobby.
